

YOU ARE UNPROTECTED!

How much can a mistake by a notary cost? A small mistake can be expensive. Notarial losses are becoming more common every day, from small suits to major verdicts involving tens of thousands of dollars!

For example:

- **A Notary lost \$2,381 on a claim that he acknowledged a forged signature. Another notary is currently fighting a similar claim involving \$14,671.**
- **A notary was sued for allegedly affixing her seal to a forged signature on a certificate of title. Although judgment was finally rendered in favor of the notary, she incurred \$560 in legal fees.**
- **Recently a notary witnessed signatures in a real estate transaction which later proved to be forgeries. Even though she was acting on instructions from her boss, that notary was held liable for \$5,000 in damages and \$2,493 in court costs.**

The notaries in these examples were all covered by Notary Public Errors and Omissions Insurance. Every dollar of the damages and legal costs was paid with no deductible to the Notary.

Can you afford a costly lawsuit because you made an innocent mistake and were an easy "target" for someone trying to recover losses? Notary Public Errors and Omissions Insurance is your only safeguard against costly and time consuming lawsuits. Even if no damages were awarded, you could incur thousands of dollars in legal fees if you aren't covered.
